Adapters & Fittings

For a comfortable and longer-lasting fit, try SuperKlean Swivel Adapters with O-ring construction designed to allow for natural wrist movement. Our adapters and internal hose guards will keep your hot water hoses and nozzles easy to handle.

Standard Swivel Adapters - 8 Series

SuperKlean's extra-long hose barb adapters enable safe double-banding! Be sure to ask SuperKlean about our LifeSpan Internal Hose Guards, also shown

| Swivel Adapters | |
|-----------------|---|
| Part #: | Description |
| 8-3/4-S | Swivel adapter (1/2" NPT x 3/4" hose barb) 304 series stainless steel |

Features:

- A Favorite hose barb swivel adapter family, trusted by Hose Distributors and used in the world's largest production factories.
- The most popular food, beverage and pharma hose swivel fittings, used in over 150 countries.
- 360° swivel rotation capability built into this hose swivel adapter is designed to prevent kinking on your hot water hoses.
- 2.25" long hose shank/barb for a safer and more secure installation.
- Lock O-ring, replacing the traditional C-ring, to secure swivel head.
- Built-in lock ring for nozzle lever which minimizes hand fatigue.
